Special Safety Message

While enjoying the chance to get outside with your family to find the Jacksonville Geocaching Challenge caches, please follow all current CDC, State of Florida and Duval County guidelines related to COVID-19. And, if you are not feeling well, please do not attend the kick-off event and refrain from geocaching until you are healthy. THE CHALLENGE

JaxParks, the Friends of JaxParks Geocachers, Visit Jacksonville and REI are excited to present the 2021 Jacksonville Geocache Challenge. In this high-tech treasure hunt, participants will have the opportunity to earn a limited edition, uniquely shaped token by finding newly hidden caches in 10 featured locations.

HERE IS HOW IT WORKS

Ten containers, or caches, have been hidden throughout the city. Participants will use a global positions system (GPS) device to locate the containers.

GPS coordinates and clues for each cache will be published on Sunday, September 5, 2021 on GEOCACHING.COM. Search by the GC# in this brochure or under the username "Friends of JaxParks." Or, get a head start by attending the kick-off event at Southside Park on Saturday, September 4 at 9am where coordinates will be provided one day early.

Inside each cache is a unique stamp and ink pad. Use the stamp to mark the corresponding box on the verification passport for each location. Once you have all 10 stamps, you qualify for the token.

Please be aware of your surroundings at all times to keep safe. And, have FUN!

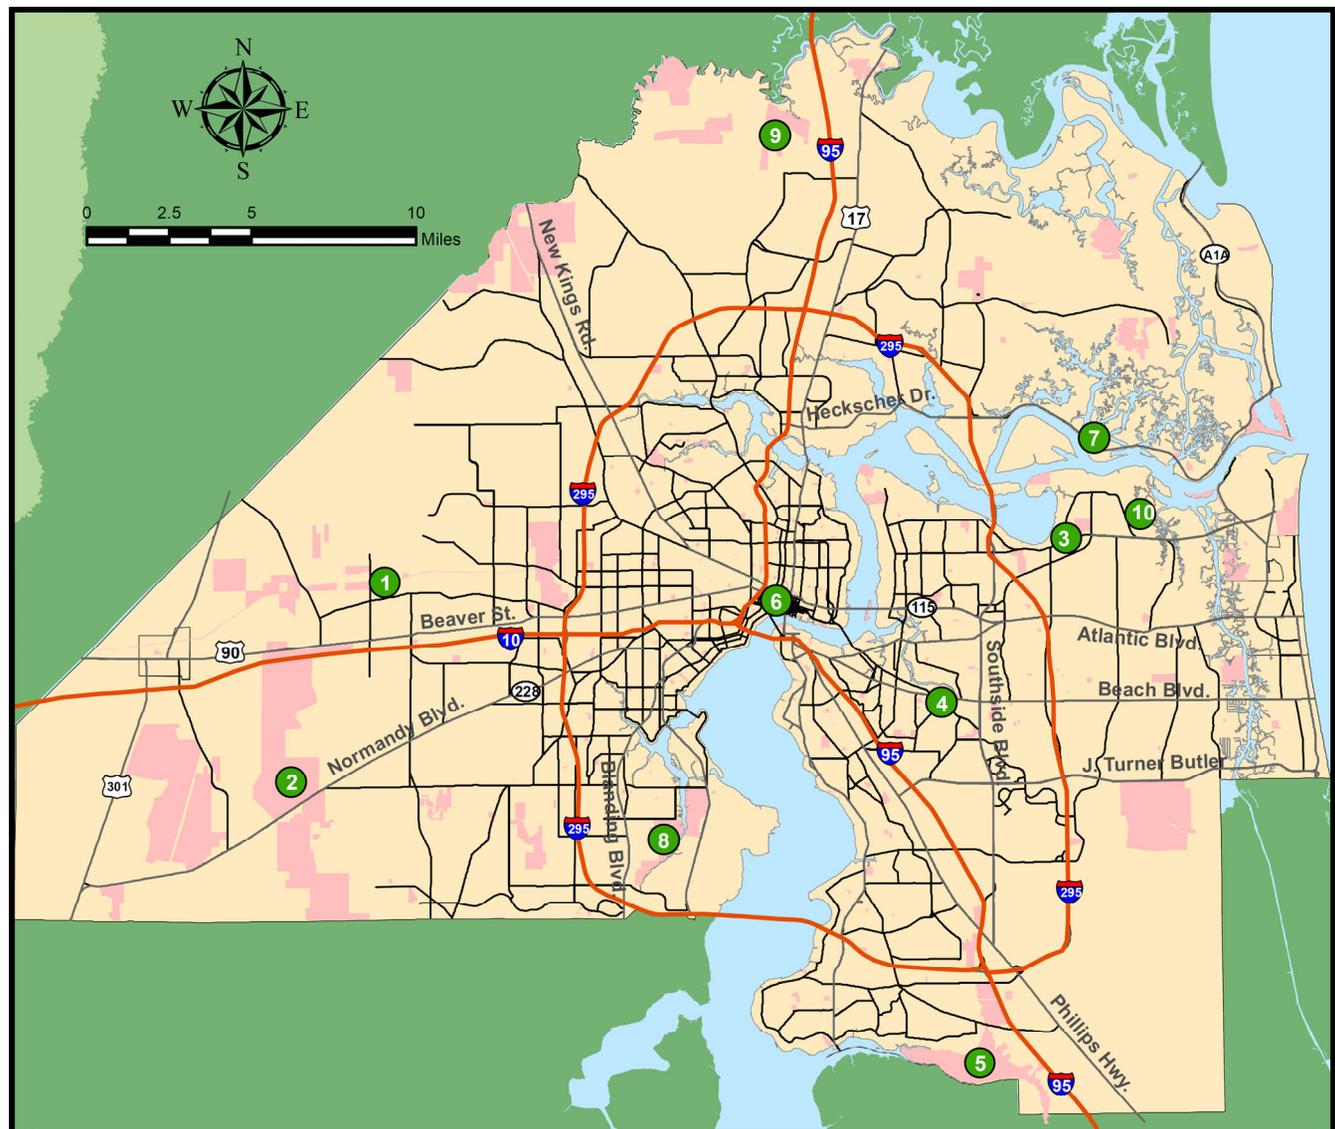

THE TOKEN

To obtain your token, take your verification passport to REI in Jacksonville. The first 150 participants to check in with a unique geocaching name will receive a token.
